新型コロナウイルス感染拡大が続く中、医療分野のデジタル化が急速に進み、大変貌を遂げようとしています。オンライン診療急拡大し、医療のあり方に大きな変化が生じています。今回のカンファレンスでは、在宅ケア、遠隔医療のDX最新情報について取り上げます。

The Covid Pandemic is rapidly accelerating digital delivery of Healthcare services. The US-Japan Healthcare Connection will offer a ground breaking Program - "The Coming Revolution in Healthcare" - that presents the latest developments underlying this transformation, with particular focus on "Hospitals at Home" and remote "Patient Monitoring".

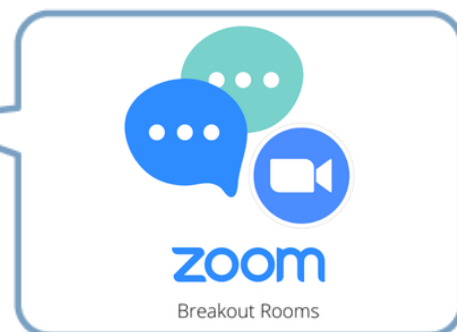

### 1. Meet the Companies

Listen to MedTech company presentations

### 2. Virtual Networking

Speak to company representatives in a networking breakout room
